A History Of Design From

Design history is the study of objects of design in their historical and stylistic contexts. With a broad definition, the contexts of design history include the social, the cultural, the economic, the political, the technical and the aesthetic. Design history has as its objects of study all designed objects including those of architecture, fashion, crafts, interiors, textiles, graphic design, industrial design and product design. Design history has had to incorporate criticism of the 'heroic' st
