From the bestselling author of ARE WE NEARLY THERE YET? (Radio 2 Book of the Year & voted Amazon Customers' Fave Kindle Read 2011) comes a new hilarious and touching story of travel chaos. Chosen as one of Amazon's Best Kindle Books of 2013 Ben Hatch is on the road again. Commissioned to write a guidebook about France (despite not speaking any French) he sets off with visions of relaxing chateaux and refined dining. Ten thousand miles later his family's been attacked by a donkey, had a run-in with a death-cult and, after a near drowning and a calamitous wedding experience involving a British spy, his own marriage is in jeopardy. A combination of obsessions about mosquitoes, French gravel and vegetable theme parks mean it's a bumpy ride as Ben takes a stand against tyrannical French pool attendants, finds himself running with the bulls in Pamplona and almost starring in a snuff movie after a near fatal decision to climb into a millionaire's Chevrolet Blazer. Funny and poignant, Road to Rouen asks important questions about life, marriage and whether it's ever acceptable to tape baguette to your children's legs to smuggle lunch into Disneyland Paris.

As with the best-selling 'Architects Pocket Book' this title includes everyday information which the architect/designer normally has to find from a wide variety of sources and which is not always easily to hand. Focusing on kitchen design, this book is of use to the student as well as the experienced practitioner. It outlines all the information needed to design a workable kitchen, including ergonomics, services such as water and waste, appliances, and material choices for the floor, walls and ceiling. There is no similar compendium currently available.

A book containing a wealth of information and anecdote about bottling fruit and vegetables. Articles and recipes from various authors are compiled into this comprehensive manual. Glamour is one of the most tantalizing and bewitching aspects of contemporary culture - but also one of the most elusive. The aura of celebrity, the style of the fashion world, the vanity of the rich and beautiful, and the publicity-driven rites of café society are all imbued with its irresistible magnetism. But what exactly is glamour? Where does it come from? How old is it? And can anyone quite capture its magic? Stephen Gundle answers all these questions and more in this first ever history of the phenomenon, from Paris in the tumultuous final decades of the eighteenth century through to Hollywood, New York, and Monte Carlo in the twentieth and twenty-first centuries, from Napoleon to Marlene Dietrich and Marilyn Monroe, from Beau Brummell to Gianni Versace. Throughout, the book captures the excitement and sex appeal of glamour while exposing its mechanisms and exploring its sleazy and sometimes tragic underside. As Gundle shows, while glamour is exciting and magnetic, its promise is ultimately an illusion that can only ever be partially fulfilled.

A Moment in Time is a romantic thriller about two people discovering each other while facing their own personal conflicts.
