Levinson and doctoral student Jacob Fay take up these challenges in the new book *Dilemmas of Educational Ethics: Cases and Commentaries*. In detailing the moral predicaments that arise in schools, the researchers also provide a framework for educators to discuss their own dilemmas with colleagues, opening the door to making these conversations more common.

Introduction to some of the issues that practicing physicists might encounter. It is useful to draw the analogy between ethics education and safety training.

Case Studies - APS Home Democratic Discord in Schools features eight normative cases of complex dilemmas drawn from real events designed to help educators practice the type of collaborative problem solving and civil discourse needed to meet these challenges of democratic education. Each of the cases also features a set of six commentaries written by a diverse array of scholars, educators, policy makers, students, and activists with a range of political views to spark reflection and conversation.
