DocBook 5.1: The Definitive Guide

The latest version of the schema, DocBook 5.0, is an important step in DocBook's evolution, offering significantly improved linking and annotation, greater extensibility, and powerful constructs that make customization much easier than before. O'Reilly Media published DocBook 5: The Definitive Guide in collaboration with XML Press. The second edition is the official reference for DocBook 5.0, and also contains information to help readers install, use, and customize the DocBook schema.
