What are the Advantages of a Franchise Compared to Setting Up Alone
Franchising is replicating an already "proven" business model, market and concept. This and the support given by Franchisors (the business model owner) is what makes the success rate of a new business via a franchise model so much higher than setting up on your own.

~~Why Franchising is Going Global~~

The following U.S. listing tabulates the early 2010 ranking of major franchises along with the number of sub-franchisees (or partners) from data available for 2004. The United States is a leader in franchising, a position it has held since the 1930s when it used the approach for fast-food restaurants, food inns and, slightly later, motels at the time of the Great Depression.
