Does the identification number 60 indicate a toxic substance or a flammable solid, in the molten state at an elevated temperature? Does the identification number 1035 indicate ethane or butane? What is the difference between natural gas transmission pipelines and natural gas distribution pipelines? If you came upon an overturned truck on the highway that was leaking, would you be able to identify if it was hazardous and know what steps to take? Questions like these and more are answered in the Emergency Response Guidebook. Learn how to identify symbols for and vehicles carrying toxic, flammable, explosive, radioactive, or otherwise harmful substances and how to respond once an incident involving those substances has been identified. Always be prepared in situations that are unfamiliar and dangerous and know how to rectify them. Keeping this guide around at all times will ensure that, if you were to come upon a transportation situation involving hazardous substances or dangerous goods, you will be able to help keep others and yourself out of danger. With color-coded pages for quick and easy reference, this is the official manual used by first responders in the United States and Canada for transportation incidents involving dangerous goods or hazardous materials.

Winner of the National Book Award for Fiction "Redeployment is hilarious, biting, whipsawing and sad. It ' s the best thing written so far on what the war did to people ' s souls. " —Dexter Filkins, The New York Times Book Review Selected as one of the best books of the year by The New York Times Book Review, Time, Newsweek, The Washington Post Book World, Amazon, and more Phil Klay's

Redeployment takes readers to the frontlines of the wars in Iraq and Afghanistan, asking us to understand what happened there, and what happened to the soldiers who returned. Interwoven with themes of brutality and faith, guilt and fear, helplessness and survival, the characters in these stories struggle to make meaning out of chaos. In "Redeployment", a soldier who has had to shoot dogs because they were eating human corpses must learn what it is like to return to domestic life in suburbia, surrounded by people "who have no idea where Fallujah is, where three members of your platoon died." In "After Action Report", a Lance Corporal seeks expiation for a killing he didn't commit, in order that his best friend will be unburdened. A Mortuary Affairs Marine tells about his experiences collecting remains—of U.S. and Iraqi soldiers both. A chaplain sees his understanding of Christianity, and his ability to provide solace through religion, tested by the actions of a ferocious Colonel. And in the darkly comic "Money as a Weapons System", a young Foreign Service Officer is given the absurd task of helping Iraqis improve their lives by teaching them to play baseball. These stories reveal the intricate combination of monotony, bureaucracy, comradeship and violence that make up a soldier's daily life at war, and the isolation, remorse, and despair that can accompany a soldier's homecoming. Redeployment has become a classic in the tradition of war writing. Across nations and continents, Klay sets in devastating relief the two worlds a soldier inhabits: one of extremes and one of loss. Written with a hard-eyed realism and stunning emotional depth, this work marks Phil Klay as one of the most talented new voices of his generation.

PHMSA's 2016 Emergency Response Guidebook provides first responders with a go-to manual to help deal with hazmat transportation accidents during the critical first 30 minutes. DOT's goal is to place an ERG in every public emergency service vehicle nationwide. To date, nearly 14.5 million free copies have been distributed to the emergency response community through state emergency management coordinators. Members of the public may purchase a copy of the ERG through the GPO Bookstore and other commercial suppliers. First responders, we want your feedback! Submit your name, organization, contact information, and comments to ERGComments@dot.gov.

Forged to fight guerrillas in the sweltering jungles of Malaya. Tasked with storming mountain strongholds in the desert. Trained to hunt down the world's most wanted terrorists. This is the extraordinary story of 22 SAS. The history of the modern SAS is one of the great successes of post-war Britain. Since it was revived in 1950 to combat Communist insurgents, the Regiment has gone from strength to strength, fighting covert wars in Oman, Borneo, Northern Ireland, the Falklands, the Persian Gulf and beyond. the process, it has become one of the most indispensable, and at times controversial, units in the British Army today. The SAS is regarded as the world's leading Special Forces unit, renowned for its demanding Selection course and its relentless ability to adapt to the changing nature of warfare. More than anything else, however, it is the determination and ingenuity of the SAS soldiers that has made the Regiment what it is today. Drawing on his extensive network of contacts and his own experiences, Chris Ryan tells the story of the men on the ground. From the earliest patrols in the Malayan jungle, through to the storming of the Iranian Embassy, the daring raids behind enemy lines in the Gulf War, and up-to-minute missions to capture or kill notorious terrorists - this is the gripping, no-holds-barred account of Regiment operations. Above all, it is a story of elite soldiers fighting, and triumphing, against seemingly impossible odds.
