Psychological War Trauma and Society: Like a hidden wound ...

The BPS Trauma Section has produced the following advice for families, friends, and caregivers on how best to support adults affected by major traumatic incidents. In the first few days after the traumatic event: It is normal to experience some distress after exposure to a major trauma. This may include difficulties in sleeping, distressing thoughts and memories popping into mind, nightmares, irritability, feelings of helplessness, reliving aspects of what has happened and thinking that you ...
